

Templeton Women in Business (TWiB)

The Templeton Women in Business is a dynamic group of women organized as a committee of the Templeton Chamber of Commerce. Our purpose is to support, develop and promote women in business through education, information exchange, partnerships, and alliances with other organizations promoting commerce, and to create opportunities for women in business.

Templeton Women in Business meets regularly for lunch on the first Wednesday of each month. Our monthly luncheons and special events provide great opportunities to network, where we have meaningful interactions and our women find that they are not just a face in the crowd. All the women work hard to welcome new members and to make them feel as if they are just a long lost friend. We want you to feel the positive energy that our women provide and when you leave, we hope you will feel more energized and glad that you shared the time with us.

Templeton is a beautiful town; we are very proud to be part of it and we support our community through our actions along with our words. We would be happy to answer any questions regarding our group.

Thank you for your support - Maria Eskandanian, Chairperson
